No. 118.—The following Government Order is published :—

G O. No. 537, FINANCE, DATED 20TH AUGUST 1930.

(1)

Resolution of the Secretary of State in Council

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 16th day of March 1930, hereby makes the following amendments in the Fundamental Rules, namely :—

1. In Rule 9 of the said Rules—

(1) In sub-clause (a) of clause (23), after the word "pay" where it occurs for the first time, the words "in respect of a permanent post other than a tenure post" shall be inserted, and for the word "his" the word "such" shall be substituted.

(2) For clause (28) of the said Rule the following shall be substituted, namely :—

"*Substantive pay* means the pay other than special pay, personal pay or emoluments classed as pay by the Governor-General in Council under Rule 9 (21) (a) (iv), to which a Government servant is entitled on account of a post to which he has been appointed substantively or by reasons of his substantive position in a cadre."

(3) After clause (30) of the said Rule, the following shall be inserted, namely :—

"(30A) *Tenure post* means a permanent post which an individual Government servant may not hold for more than a limited period.

Note—In case of doubt a Local Government may decide whether a particular post is or is not a 'tenure post.'"

(4) Clause (31) of the said Rule shall be lettered "(a)" and the following shall be added, namely :—

"(b) Time-scales are said to be *identical* if the minimum, the maximum, the period of increment and the rate of increment of the time-scales are identical.

(c) A post is said to be on the *same* time-scale as another post on a time-scale if the two time-scales are identical and the posts fall within a cadre, or a class in a cadre, such cadre or class having been created in order to fill all posts involving duties of approximately the same character or degree of responsibility, in a service or establishment or group of establishments; so that the pay of the holder of any particular post is determined by his position in the cadre or class and not by the fact that he holds that post."

II. In Rule 21 of the said Rules, for the figure "32" the figure "31" shall be substituted.

III. For Rule 22 of the said Rules the following shall be substituted, namely :—

"The initial substantive pay of a Government servant who is appointed substantively to a post on a time-scale of pay is regulated as follows :—

(a) If he holds a lien on a permanent post, other than a tenure post, or would hold a lien on such a post had his lien not been suspended under Rule 13—

(i) when appointment to the new post involves the assumption of duties or responsibilities of greater importance (as interpreted for the purposes of Rule 30) than those attaching to such permanent post, he will draw as initial pay the stage of the time-scale next above his substantive pay in respect of the old post;

(ii) when appointment to the new post does not involve such assumption, he will draw as initial pay the stage of the time-scale which is equal to his substantive pay in respect of the old post, or, if there is no such stage, the stage next below that pay, plus personal pay equal to the difference, and in either case will continue to draw that pay until such time as he would have received an increment in the time-scale of the old post, or for the period after which an increment is earned in the time-scale of the new post, whichever is less.

(b) If the conditions prescribed in clause (a) are not fulfilled, he will draw as initial pay the minimum of the time-scale.

Provided, both in cases covered by clause (a) and in those covered by clause (b), that if he either—

(1) has previously held substantively or officiated in—

(i) the same post, or

(ii) a permanent or temporary post on the same time-scale, or

(iii) a permanent post, other than a tenure post, on an identical time-scale, or a temporary post on an identical time-scale, such post being on the same time-scale as a permanent post; or

(2) is appointed substantively to a tenure post on a time-scale identical with that of another tenure post which he has previously held substantively or in which he has previously officiated,

then the initial pay shall not be less than the pay, other than special pay, personal pay or emoluments classed as pay by the Governor-General in Council under Rule 9 (21) (a) (iii), which he drew on the last such occasion, and he shall count for increments the period during which he drew that pay on such last and any previous occasions.

Note 1.—If the Government servant is entitled to overseas pay in the new post but was not drawing overseas pay in the old post, the overseas pay in the new post shall not be taken into account in determining the stage in the time-scale of the new post to which he is entitled under clause (*a*).

Note 2.—For the purpose of this Rule sterling overseas pay shall be converted into rupees at such rate of exchange as the Secretary of State in Council may by order prescribe."

IV. In Rule 28 of the said Rules—

(1) In clause (*a*), for the words "to which a time-scale applies" the words "on a time-scale" shall be substituted.

(2) At the end of clause (*c*) of the said Rule the following shall be added, namely —

"This clause applies also to a Government servant who is not actually officiating in the lower post at the time of his appointment to the higher post, but who would have so officiated had he not been appointed to the higher post."

V. In Rule 30 of the said Rules—

(1) For the first paragraph of clause (1) the following shall be substituted, namely :—

"Subject to the provisions of Chapter VI a Government servant who is appointed to officiate in a post shall not draw pay higher than his substantive pay in respect of a permanent post, other than a tenure post, unless the post in which he is appointed to officiate is one of those enumerated in the schedule to this Rule or unless the officiating appointment involves the assumption of duties and responsibilities of greater importance than those attaching to the post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under Rule 13."

And in the second proviso to the said clause for the words "the extra allowance, if any", the words "any special pay" shall be substituted.

(2) For clause (2) of the said Rule, the following shall be substituted, namely :—

"For the purpose of this Rule the officiating appointment shall not be deemed to involve the assumption of duties or responsibilities of greater importance if the post to which it is made is on the same scale of pay as the permanent post, other than a tenure post, on which he holds a lien or would hold a lien had his lien not been suspended under Rule 13, or on a scale of pay identical therewith"

VI. For Rule 31 of the said Rules, the following shall be substituted, namely :—

"Subject to the provisions of Rules 26 (*c*), 36 and 35, a Government servant officiating in a post will draw the presumptive pay of that post, provided that, if the presumptive pay of the permanent post on which he holds a lien or would hold a lien had his lien not been suspended under Rule 13, should at any time be greater than the presumptive pay of the post in which he officiates, he will draw the presumptive pay of the permanent post."

VII. Rules 32 and 34 of the said Rules shall be omitted.

My despatch dated 20th March, No. 5, Amendment to Fundamental Rules Following omitted through oversight from copies of resolution. *Begins.* VIII in rule 100 of said rule in clause (*c*) for words 'permanent post for a fixed term' in both places where those words occur words 'tenure post' shall be substituted. *Ends.* Please make correction.

Order—*No.* 537, *Finance, dated* 20*th August* 1930.

Recorded.

2. The following subsidiary rules under the Fundamental Rules shall be omitted as they are no longer necessary :—

(*a*) Subsidiary rule under Fundamental Rule 9 (28).

(*b*) Subsidiary rule under Fundamental Rule 22.

3. Appendix 3 to the Audit Manual contains a list of cases in which officiating promotion has been declared admissible under Fundamental Rule 30. According to Fundamental Rule 30 as now modified, officiating promotion is not admissible, as in the past, merely for the assumption of duties of a different character without any increase of duties or responsibilities, but it is admissible only in cases involving the assumption of duties and responsibilities of greater importance than those attaching to the officer's permanent post. The Departments of the Secretariat will review all cases in which officiating allowance has hitherto been declared admissible and orders will be issued separately.

In the meanwhile, the Accountant-General may continue to act on the existing list in Appendix 3 to the Audit Manual except in cases where he feels doubtful as to the admissibility of officiating promotion in the light of the new rule. Each such doubtful case will be brought by him to the notice of Government as it arises, until the list is finally revised by Government.

4. The amendments to the Fundamental Rules approved by the Secretary of State in Council will take effect from 18th March 1930.

Any revision in the list of posts to which officiating promotion is admissible will effect existing incumbents also from 18th March 1930. The existing incumbents already officiating in posts to which officiating promotion is inadmissible under the amended Fundamental Rule 30 will, however, continue to draw the pay in the officiating posts to which they had risen prior to 18th March 1930 (or the presumptive pay of their permanent posts whichever is greater),

but they will not be entitled to draw future increments in such officiating posts.

The amended rules should be applied in all cases in which a question of fixation of pay comes up for decision on or after 18th March 1930 even though the claims relate to periods prior to the above date.

Deputy Secretary to Government.

PRESS COMMUNIQUÉ.

Fort St. George, September 22, 1930.

No. 410.—According to rules 7 and 8 of the Rules of Regulation of the Krishnarajasagara Reservoir on the Cauvery in Mysore territory, which were annexed to the Agreement of 1924 made between the Governments of Madras and Mysore, the minimum flow of the Cauvery that must be assured at the Upper Anicut in Madras territory before any impounding is made in the Krishnarajasagara was fixed on the basis of certain prescribed gauge readings at the Cauvery dam, and it was agreed by rule 8 that the discharges connoted by the gauge readings should be finally fixed on the basis of the gaugings of the ten years ending 1926. Later, however, the Mysore Government demurred to this latter rule on the ground that the floods of 1924 had brought about a state of affairs not foreseen at the time of the Agreement. The Mysore Government proposed, in modification of the rule, that the period taken as the basis for calculating the discharges should be the 7½ years preceding the floods of 1924. The Madras Government were unable to accept this proposal, and as attempts to reconcile the divergent views of the two Governments in a manner acceptable to both were unsuccessful, recourse was had to arbitration, as provided by clause 10 (a) of the Agreement of 1924. Mr. Justice A. Page, K.C. of the High Court of Calcutta was appointed as Arbitrator with Mr. W. J. Hawley, C.S.I., retired Chief Engineer, nominated by the Madras Government and Mr. Forbes, Chief Electrical Engineer in Mysore, nominated by the Mysore Government as assessors. The case for Mysore was presented before the Arbitration by Sir Chimanlal Setalvad, Kt., M.A., LL.B., and Mr. Alladi Krishnaswami Ayyar, Advocate-General, represented the Madras Government. Towards the close of the proceedings, suggestions were made for a discussion between the two Governments with a view to exploring the possibility of arriving at an amicable settlement of the points in issue, and as a result of such discussions, in which both Governments were greatly assisted by the efforts of Mr. Justice Page and the Hon'ble the Resident in Mysore, the agreement set out below was finally arrived at and has been formally accepted by both Governments.

AGREEMENT.

Whereas on the 16th February 1924 an agreement between the Governments of Mysore and Madras was signed and whereas by clause 10 (2) of the said agreement the Mysore Government agreed to regulate the discharges through and from the Krishnarajasagara reservoir strictly in accordance with the Rules of Regulation being Annexure I to the said agreement and

Whereas disputes had risen between the two Governments in regard to the interpretation operation and carrying out of rules 7 and 8 of the said Rules of Regulation and

Whereas both the Governments have submitted the matters in dispute to the Arbitration of the Hon'ble Mr. Justice Page with Messrs. Hawley and Forbes as assessors.

Now the two Governments have agreed in lieu of an award in that behalf to adopt finally for all regulation subsequent to 1st July 1929 the following discharges for the respective months in place of the averages referred to in clause 8 of Annexure I.

	CUSECS.
June for 6½ feet gauge	29,800
July and August for 7½ feet gauge ..	40,100
September for 7 feet gauge	35,000
October for 6½ feet gauge	29,800
November for 6 feet gauge	25,033
December for 5½ feet gauge	8,813
January for 5 feet gauge	5,170

and in rule 10, defining the impounding formula, C will denote the said above-mentioned discharges,

This agreement is without prejudice to the other questions outstanding between the parties in regard to the clauses of the agreement other than clauses 7 and 8 of the Rules of Regulation

17th June 1929.

R. RAMA RAO,
Officiating Chief Secretary to the Government of Mysore.

A. G. LEACH,
Secretary to the Government of Madras, Public Works and Labour Department.

RAILWAYS.

Standard specification for Metre-Gauge Railway Track in steel.

1. *The Rail.*—This will consist of an Upper Renewable Wearing Bar, and a Lower Permanent Bearing Bar. These bars will be flanged or angle bars resting closely into each other. The Wearing Bar will be of hard steel 5"×2"×3/8" = 5·39 lb per foot, and the Bearing Bar will be of mild steel 3½"×2½"×½" = 4·90 lb. per foot. Thus the rail will weigh 10·79 lb. per foot or 32·37 lb to the yard, and the maximum axle-load for this rail will be 12 tons.

2. *The Chip-plates.*—These will consist of mild steel bars 4"×½" = 3·83 lb. per foot, bent tongued and slotted to pattern to form a top chip and a bottom chip, and used in sets at every joint in either the wearing or bearing bars, so as to fit closely round the backs of the rail angle-bars, and to key tightly together by means of the steel bar cotters driven into the slots in the tongues of the bottom chips. The top chip will be 4½" long before bending, and the bottom chip will be 4" long. All rail-joints will be staggered, both in each rail wearing and bearing bars, and on opposite rails.

3. *The Steel-bars.*—These will consist of equal angle-bars, 1½" × 1½" × ¼" = 2·78 lb. per foot, cut to exact lengths of 3' 2¼" each, with the ends truly square, and having their bottom flanges slit back 1" from each end, and notched and bent down so as to form 1½" long cotters, tapering from ½" to ¼", to key into the tongue slots of the bottom chips at each joint.

4. *The Track* will be laid on a foundation of rolled or rammed ballast in a trench one foot wide under each rail, and to a depth depending on the nature of the ground with a minimum depth of one-and-a half feet of ballast in earth. The space between the two rails will be filled up with mud and stone to the top of the rail flanges, and the space outside of, and adjoining, each rail will be filled up to the road level, with a slight outward slope for drainage.

5. As the wheels are flangeless, and the rail motor locomotives have road steering powers, no points or crossings are required. At all inspection, and also at all important road level crossings, the Railway track will be replaced by a short length of ordinary hard metalled road pavement, about 8 feet wide at each track end, and to ensure engaging the right track, the angle-bar rails of the track will be converged together to form a point or 'nose'.

6. As the paved gaps at turn-outs and level-crossings will not exceed half a train length, at least half the train will always be on the regular track.

7. The minimum width of formation in embankment will be 12 feet, i.e., 6 feet on either side of centre line, and the minimum width of cuttings, exclusive of side drains, will be 12 feet. Where the tramway is laid on the berm of a road, the berm will be widened where necessary to conform to this dimension.

8. Bridges will be built to designs previously approved by Government. Girder bridges are to have substantial decking for a width of 4 feet at rail level on each side measured from the centre of track, and will be provided with suitable check-rails.

9. No post or other isolated structure at halting places, shall be within seven feet of the centre line.

No. 412.—Under section 3 of the Canals and Public Purposes Act of 1890, the Government in the Ministry of Development hereby declare that the notification published in page 1823, Part I of *Fort St. George Gazette*, dated 15th October 1929, authorising the opening of a ferry across the Nagavalli river at Peda Perla village, Palakonda taluk of the Vizagapatam district, is cancelled with effect from the date of publication of this notification.

No. 413.—Under sub-section (1) of section 48 of the Land Acquisition Act I of 1894, as amended by the Land Acquisition Amendment Act XXXVIII of 1923, the Government hereby withdraw from the acquisition of 1 cent of land in T.S. AMENDMENT.

After rule 35 of the said rules the following shall be added as rules 35-A to 35-N :—

35-A. (1) Where a petitioner bases his claim upon a document in his possession or power, he shall produce it before the Board when the petition is presented and at the same time deliver the document or a copy thereof to be filed with the petition.

(2) Where he relies on any other documents (whether in his possession or power or not) as evidence in support of his claim, he shall enter such documents in the list to be added or annexed to the petition.

35-B. Where any such document is not in the possession or power of the petitioner, he shall, if possible, state in whose possession or power it is.

35-C. (1) A document which ought to be produced before the Board by the petitioner when the petition is presented, or to be entered in the list to be added or annexed to the petition, and which is not produced or entered accordingly, shall not, without the leave of the Board, be received in evidence on his behalf at the hearing of the petition.

(2) Nothing in this rule applies to documents produced for cross-examination of the respondent's witnesses, or in answer to any case set up by the respondent or handed in to witness merely to refresh his memory.

35-D. (1) The parties or their pleaders shall produce, at the first hearing of the petition, all the documentary evidence of every description in their possession or power, on which they intend to rely, and which has not already been filed in the office of the Board, and all documents which the Board has ordered to be produced.

(2) The Board shall receive the documents so produced ; provided that they are accompanied by an accurate list thereof prepared in such form as the Board directs.

35-E. No documentary evidence in the possession or power of any party which should have been but has not been produced in accordance with the requirements of rule 35-D shall be received at any subsequent stage of the proceedings unless good cause is shown to the satisfaction of the Board for the non-production thereof ; and the Board receiving any such evidence shall record the reasons for so doing.

35-F. The Board may at any stage of the petition reject any document which it considers irrelevant or otherwise inadmissible, recording the grounds of such rejection.

35-G. (1) Subject to the provisions of the next following sub-rule, there shall be endorsed on every document which has been admitted in evidence in the petition the following particulars, namely :—

(*a*) the number and title of the petition,

(*b*) the name of the person producing the document,

(*c*) the date on which it was produced, and

(*d*) a statement of its having been so admitted ;

and the endorsement shall be signed or initialed by the presiding Commissioners or by the Commissioner as the case may be.

(2) Where a document so admitted is an entry in a book, account or record, and a copy thereof has been substituted, for the original under the next following rule, the particulars aforesaid shall be endorsed on the copy and the endorsement thereon shall be signed or initialed by the presiding Commissioners or by the Commissioner, as the case may be.

35-H. (1) Save in so far as is otherwise provided by the Banker's Books' Evidence Act, 1891, where a document admitted in evidence in the petition is an entry in a letter-book or a shop-book or other account in current use, the party on whose behalf the book or account is produced may furnish a copy of the entry.

(2) Where such a document is an entry in a public record produced from a public office or by a public officer, or an entry in a book or account belonging to a person other than a party on whose behalf the book or account is produced, the Board may require a copy of the entry to be furnished—

(*a*) where the record, book or account is produced on behalf of a party other by that party, or

(*b*) where the record, book or account is produced in obedience to an order of the Board acting of its own motion, then by either or any party.

(3) Where a copy of an entry is furnished under the foregoing provisions of this rule, the Board shall, after causing the copy to be examined, compared and certified, in the manner mentioned in sub-rule (4), mark the entry and cause the book, account or record in which it occurs to be returned to the person producing it.

(4) The Board, or such officer as it appoints in this behalf, shall mark the document for the purpose of identification and, after examining and comparing the copy with the original, shall, if it is found correct, certify it to be so and return the book to the person producing it and cause the copy to be filed.

35-I. Where a document relied on as evidence by either party is considered by the Board to be inadmissible as evidence, there shall be endorsed thereon the particulars mentioned in clauses (*a*), (*b*) and (*c*) of sub-rule (1) of rule 35-G, together with a statement of its having been rejected, and the endorsement shall be signed or initialed by the presiding Commissioners or by the Commissioner, as the case may be.

35-J. (1) Every document which has been admitted in evidence, or a copy thereof where a copy has been substituted for the original under rule 35-H, shall form part of the record of the petition.

(2) Documents not admitted in evidence shall not form part of the record and shall be returned to the persons respectively producing them :

Provided that no document shall be returned which by force of the ardas has become wholly void or useless.

35-K. Notwithstanding anything contained in rule 35 H or rule 35-J, the Board may, if it sees sufficient cause, direct any document or book produced before it in any petition to be impounded and kept in the custody of an officer of the Board, for such period and subject to such conditions as the Board thinks fit.

35 L. (1) Any person, whether a party to the petition or not, desirous of receiving back any document produced by him in the petition and placed on the record shall, unless the document is impounded under rule 35-K, be entitled to receive back the same—

(a) where the petition is one in which the order passed is not liable to be questioned by a suit or application in a Court, when the petition has been disposed of, and

(b) where the petition is one in which the order passed is so liable to be questioned in a Civil Court, when the Board is satisfied that the time for filing a suit or application has elapsed and that no suit or application has been filed or, if a suit or application has been filed, when such suit or application has been disposed of:

Provided that a document may be returned at any time earlier than that prescribed by this rule if the person applying therefor delivers to the proper officer a certified copy to be substituted for the original and undertakes to produce the original if required to do so:

Provided also that no document shall be returned which, by force of the order, has become wholly void or useless.

(2) On the return of a document admitted in evidence, a receipt shall be given by the person receiving it.

(3) Every application under the first proviso to sub-rule (1) shall be made by a verified petition setting forth facts justifying the immediate return of the original and the Board may make such order as it thinks fit for costs of any or all the parties to the application, including any costs "incidental to the preparation of the certified copy to be substituted for the original" and may further direct that any party against whom any order for costs is made shall have such costs, if paid, "included as costs in the cause".

35-M (1) The Board may of its own motion, and may, in its discretion, upon the application of any of the parties to a petition, send for, either from its own records or from any other Court, the record of any other petition or proceeding, and inspect the same.

(2) Every application made under this rule shall (unless the Board, otherwise directs) be supported by an affidavit showing how the record is material to the petition in which the application is made, and that the applicant cannot without unreasonable delay or expense obtain a duly authenticated copy of the record or of such portion thereof as the applicant requires, or that the production of the original is necessary for the purposes of justice.

(3) Nothing contained in this rule shall be deemed to enable the Board to use in evidence any document which under the law of evidence would be inadmissible in the petition.

35-N. The provisions herein contained as to documents shall, so far as may be, apply to all other material objects producible as evidence.
